Bird Blocker

BB-BL

- Designed to be installed on Power Lines anywhere along the span or near the cross arm to prevent birds gaining access to the lines
- Suits most cable sizes
- Will keep vertical orientation and face upwards
- UV stabilised with good electrical insulation properties.
- Rubber stoppers used on either side of the Bird Blocker to fix in place on the line
- Can install multiple Bird Blockers "in series" along the line. Where this is done, use rubber stoppers for every 10 Bird Blockers installed

RS-BL

Item No.	Size	Base Material	Base Colour	Suits Cable Size
BB-BL	500x153mm	HDPE	Black	5mmØ-240mm ²
RS-BL	35x26mm	EPDM	Black	5mmØ-240mm ²
